Information Systems Resources Honored as Economic Bright Spot by *Corp!* Magazine

Livonia, Mich., June 2008 – Being able to adapt to Michigan’s economic climate is what makes Information Systems Resources (ISR) a successful business, enabling it to stand out from the many entries that *Corp!* magazine received from companies vying to be named one of “Michigan’s Economic Bright Spots.”

The Michigan Economic Bright Spots Awards are presented by *Corp!* magazine and is sponsored by Comcast Business Class. ISR was one of only 36 companies that were recognized for their accomplishments. Each award winner was featured in the May/June issue of *Corp!* magazine and will be honored at a special event on June 11, 2008 at MSU Management Education Center in Troy.

Factors that demonstrated ISR’s accomplishments included:

- Changing their business model to focus on customer service
- Future plans to consolidate three warehouses into a new state-of-the art facility in Dearborn, Mich.
- Sales topping \$10 million in 2007

Company founder Luther Elliott believes ISR has been recognized because of its successful effort to reinvent itself as a company. He said, “It is great to be recognized for our current success and our commitment to Michigan. I am truly honored that ISR has been selected for this award.”

Information Systems Resources (ISR) offers specialized computer solutions to medium-sized and Fortune 1000 companies. It provides customized, integrated IT solutions encompassing each phase of a computers life cycle. The company offers a full range of IT professional services and is an authorized reseller for IT hardware/software. ISR was established in 1989 and is a certified Minority Business Enterprise (MBE).
