FOR IMMEDIATE RELEASE

Information Systems Resources Awarded Equipment Recycling and eWaste Management Services Agreement with Premier Inc.

DEARBORN, Mich. – March 21, 2019 – Information Systems Resources has been awarded a group purchasing agreement for Equipment Recycling and eWaste Management Services with Premier Inc. effective May 2019. The new agreement allows Premier members, at their discretion, to take advantage of special pricing and terms pre-negotiated by Premier for equipment recycling and eWaste management services.

"We are eager to provide our equipment recycling and eWaste management services to Premier members," said Information Systems Resources Founder and CEO Luther Elliott. "ISR is a leader in providing critical recycling services that are environmentally sound and respectful of the environment. We help companies to maintain a healthy relationship with the communities in which they live and work by managing company waste in an ethical and efficient fashion."

Premier is a leading healthcare improvement company, uniting an alliance of approximately 4,000 U.S. hospitals and 165,000 other providers to transform healthcare. With integrated data and analytics, collaboratives, supply chain solutions, and advisory and other services, Premier enables better care and outcomes at a lower cost.

ISR responsibly recycles more than two million pounds of eWaste on an annual basis. It specializes in providing complete cradle-to-grave IT asset management services including front-end procurement, warehousing, equipment staging, software image management, asset tagging, just-in-time delivery and the installation, remarketing and recycling of technology assets.

About Information Systems Resources
